## Australia Day Community Event Grants Returning for 2026

Since 2021, the Australia Day Community Events' Grant Program has helped deliver more than 3,000 community events around Australia - from Welcome to Country and citizenship ceremonies, to community BBQ's and multicultural festivals.

The Australia Day Community Event grants are made possible from Commonwealth Government funding to support community groups and councils to deliver inclusive Australia Day events and encourage community participation.

Auspire is supporting our local communities to access these grants of \$2,000 for smaller events or \$10,000 for larger events that help communities reflect, respect and celebrate on Australia Day. Those who apply for the \$10,000 grant, can also apply for an additional \$5,000 if their event includes significant First Nations' elements or activations to celebrate our national day.
